OF CENTRAL FLORIDA

**2018 Annual Report to the Community**

## A MESSAGE TO OUR COMMUNITY

Kate Wilson

Kate Wilson  
Chair

We are pleased to report that since our inception in 1989, United Arts has invested more than \$150 million toward the development of Central Florida nonprofit cultural groups and facilitated more than 2.9 million cultural experiences to residents this year.

The 2018 *Collaborative Campaign for the Arts* exceeded its goal once again in raising \$2,073,002. United Arts' support of more than 60 cultural organizations generated 5,429 exhibitions and productions, provided arts experiences to 972,050 students, offered 1.6 million free tickets, and supported 15,355 artists.

For a second year, a \$100,000 grant from Dr. Phillips Charities, matched by Tupperware Brands, and a range of Osceola County partners, infused \$200,000 into the arts at all grade levels in Osceola County schools.

For a third year, Disney invested \$200,000 to allow all Orange County Public School 8th grade students to experience a curriculum-based production by the Orlando Repertory Theatre at the Dr. Phillips Center.

Long-time community leader and philanthropist, Harvey Massey, was honored with the Jerry Hilbrich Arts Leadership Award established by a gift from the Edyth Bush Charitable Foundation.

To better engage a wide range of people with the arts, United Arts established Hispanic and African-American Task Forces and a Millennial Task Force. The agency partnered with Americans for the Arts to create an Emerging Arts Leaders Network, serving more than 100 up-and-coming leaders.

As a result of Hurricane Irma, United Arts quickly rallied to create the Irma Relief Fund in collaboration with county and state partners; UA distributed \$286,349 in relief funding to 30 arts and cultural organizations who either lost revenue due to program cancellations or whose facilities were damaged.

It's been a fruitful year and we would like to extend our sincere appreciation and thanks to all United Arts donors. Your contributions allow us to make these incredible arts programs possible every year.

## TRUSTEE SUPPORT

United Arts Trustees are donors of \$100,000 or more. Their generous support of arts, science and history in Central Florida distinguishes them as visionary philanthropic leaders. Their gifts provide support for grant awards and crucial institutional operating support. In addition, their funds, combined with those of other generous corporate and individual donors, provide a valuable matching pool used to inspire giving through United Arts' annual *Collaborative Campaign for the Arts*. United Arts is pleased to recognize each Trustee for their generosity and leadership.

## CAMPAIGN FOR THE ARTS

---

During the annual *Collaborative Campaign for the Arts*, United Arts partners with local cultural institutions to raise vital funds in support of arts, science and history. The campaign runs from February 1 through April 30 each year, with an Early Bird phase for donors wishing to renew their support beginning the week of Thanksgiving.

Through the Collaborative Campaign, donors can designate to any cultural nonprofit organization. Donor-designated gifts to the campaign's participating cultural partners qualify for a 15% match from United Arts. Corporations provide support through on-site workplace giving campaigns, where employees learn about the services provided by cultural organizations in Central Florida. In 2018, corporations and their employees generously contributed in excess of \$154,000 through workplace giving.

Within the Collaborative Campaign, donations directed to the United Arts *Arts for ALL* Fund directly support grants awarded through a competitive and independent process as well as critical K-12th grade arts and cultural education programming.

In 2018, Central Florida's support of the cultural community through the *Collaborative Campaign for the Arts* totaled \$2,073,002. Of that, \$350,043 was designated to the *Arts for ALL* Fund.

## UNITED ARTS GRANTS

---

United Arts provides crucial Operating Support Grants to arts, science and history organizations with budgets of \$25,000 or more who provide a full season of programming. Panels of community volunteers observe cultural events year-round, meet with applicants and recommend grants based on artistic merit, management and fiscal responsibility, and service to the community. Thirty-seven cultural organizations received grants totaling \$1,480,000 through this program.

The agency reaches out to grassroots and multicultural organizations through Mini-Grants. The program has three deadlines per year, a short application and one-month turnaround from submission to grant decision. More than 70% of grantees received their first grant from United Arts through this program, and 47% of funding goes to culturally diverse organizations. Twenty-two organizations received grants totaling \$30,000 through this program.

With funding from Duke Energy, Diverse Programming Grants incentivize the creation of programming that is more inclusive and representative of the diversity of the region. Ten organizations received grants totaling \$31,000 through this program.

United Arts also provides technical assistance workshops for nonprofits to strengthen their skills in fundraising, grant writing and marketing.

Overall, Central Florida residents and visitors experienced the arts, science and history on more than 2.9 million occasions last year, made possible through more than 60 cultural providers supported by United Arts.

## What Teachers are saying ...

"Students do not have many opportunities to explore science or museum opportunities outside of school. These field trips are invaluable academically and socially."

- *Teacher, Millennia Elementary*

"Amazing – coming from a Title I school, most of our students don't get experiences like this on a regular basis. Thanks for funding the future of tomorrow."

- *Teacher, Meadow Woods Elementary*

"This wonderful program showed my students that stories can be told in many different ways and that their imaginations can be used to make the story memorable and lasting."

- *Teacher, Lake George Elementary*

"The students always love seeing the books coming to life here at your theater! They talk about the shows for days... I think the model you provide sparks their imagination and creativity."

# PRINCIPALS ARTS APPRECIATION BREAKFAST

United Arts hosts annual Principals Arts Appreciation Breakfasts in Orange and Osceola counties to celebrate the achievements of principals who support exemplary arts programs, retain certified arts teachers in every school and work to make sure every student has access to quality arts education.

Orange County Public Schools celebrated its 12th annual Principals Arts Appreciation Breakfast in 2018. The highlight of the event is the Arts Principal Award, which recognizes principals who lead the way in supporting and promoting innovative, high-quality arts programs and arts instruction in their schools. The winning principals each received a \$1,000 cash award for their school's arts program, two tickets to a Broadway Series production courtesy of the Dr. Phillips Center for the Performing Arts, and a United ArtsCard, a buy-one-ticket-get-one-FREE and discount card to arts performances and exhibitions throughout Central Florida.

The School District of Osceola County celebrated its third annual Principals Arts Appreciation Breakfast with a birthday-themed event celebrating the school district's 130th birthday. The festivities included performances by students, teachers and administrators, and community arts groups celebrating the County's arts education accomplishments over the past year.

Evans High School Student, Career Pathways to Creative Sector Jobs

## CAREER PATHWAYS

---

*Career Pathways to Creative Sector Jobs* is a career-training program designed to prepare youth for high-demand back-of-house arts and entertainment jobs at local theme parks and cultural institutions.

Through this program, students are able to earn a vocational certificate, a two-year degree from Valencia College, or a four-year degree from the University of Central Florida, according to their career goals. Curriculum in this program is designed specifically to reflect the job skills needed for employment in the arts and entertainment industry.

Following the successful implementation of the *Career Pathways to Creative Sector Jobs* program at Maynard Evans High School in Orange County, Osceola County wanted to replicate and expand the program into a high school that was planned to be a STEM (Science, Technology, Engineering, and Mathematics) school. With a second multi-year grant through JPMorgan Chase Foundation of \$350,000, the originally planned STEM high school evolved into a STEAM high school that included four arts-career training programs. In partnership with Valencia College and The School District of Osceola County, the *Career Pathways to Creative Sector Jobs* program at the new Tohopekaliga High School has engaged more than 550 students within its first year.

The Career Pathways program at Maynard Evans High School remains strong and has impacted more than 300 students through student course enrollment, hands-on career training workshops, and summer camps. In addition, more than 280 students received certifications that directly correlate to career readiness.

## OTHER EDUCATION PARTNERSHIPS

---

United Arts-funded arts education programs make possible more than 972,000 student experiences each year in visual and performing arts, science and history.

Highlights of major programming partnerships include:

- A longstanding annual contract with Orange County Public Schools that makes possible high-quality, curriculum-based cultural programs, both in and out of Orange County schools.
- A continued funding partnership with Dr. Phillips Charities, Tupperware Brands, Osceola County, The School District of Osceola County, and Commissioners Viviana Janer, Fred Hawkins Jr., and Cheryl Grieb for a total of \$200,000 to infuse every grade level in The School District of Osceola County with a wide range of arts programs.
- Walt Disney World Resort again awarded United Arts a \$200,000 grant to send all OCPS 8th graders (15,000 students) to a live theater performance of "The Giver," performed by the Orlando Repertory Theatre at Dr. Phillips Center for the Performing Arts.

## ORANGE COUNTY & UNITED ARTS

United Arts partners with Orange County Arts & Cultural Affairs as fiduciary agent for the Tourist Development Tax (TDT)-supported programs: Cultural Tourism, Cultural Facilities and Blockbuster Funding, as recommended by Orange County's Arts and Cultural Affairs Advisory Council and approved by the Orange County Board of County Commissioners. United Arts coordinates guidelines, workshops and communication, facilitates the application and panel review processes, and oversees the reporting and funds disbursements for funded projects. To date: \$37.5 million in funding has been awarded, supporting 52 organizations and 363 projects or phases, and group marketing.

United Arts supports Orange County's goal to elevate the status of arts and culture in Central Florida to that befitting a world-class community. Two major funding programs further that goal:

- *Cultural Tourism Funding* supports projects that enhance the Orlando area's arts and cultural identity, present quality arts and cultural experiences and promote tourism, thus stimulating local economies and generating new jobs. Awards are determined through a competitive panel review process. In FY18, \$2.8 million was awarded for 30 projects, collaborative marketing programs, festivals, exhibitions and performances; total grants of \$25.6 million since 2003.
- *Cultural Tourism Funding* supports the acquisition, construction, renovation or equipping of museums and performance venues in Orange County. In FY18, \$1,236,650 was awarded for three projects; total grants of \$11.8 million since 2006.

# ECONOMIC IMPACT

United Arts partners with Americans for the Arts to conduct a nationwide study every five years. *Arts & Economic Prosperity 5: The Economic Impact of Nonprofit Arts and Cultural Organizations & Their Audiences in the Central Florida Region* – or AEP5 – released in 2017, proves that the arts in our seven-county region are a great investment.

NONPROFIT arts and culture's direct annual economic impact is:

- \$399.9 million generated by arts and cultural nonprofits and their audiences

Together with Americans for the Arts, and Dun & Bradstreet, United Arts also provides the Creative Industries reports for this region, which exceeds national averages in number of companies and people employed in both nonprofit and for-profit creative industries. This report, produced bi-annually, reaffirms the cultural vitality of our four-county area:

NONPROFIT AND FOR-PROFIT creative industries comprise:

- 7,424 arts-related businesses
- 40,597 people employed

## DIVERSITY GRANTS & TASK FORCES

---

### DIVERSE PROGRAMMING GRANTS

United Arts of Central Florida was excited to continue a second year of Diverse Programming Grants. To date, these grants have encouraged more than 22 United Arts-funded cultural groups to create programming that is inclusive and representative of the diverse communities in Central Florida. Funding for the Diverse Programming Grants came from a \$50,000 grant from the Duke Energy Foundation to continue diversity and outreach initiatives. Over this past year, 10 diverse programs from local cultural organizations were funded through this grant process.

### DIVERSITY TASK FORCES

Central Florida is a region rich in culture and heritage. United Arts of Central Florida celebrates this diversity and assists local cultural organizations to be reflective of the local community by encouraging inclusive marketing efforts, offering Diverse Programming Grants, and recognizing arts organizations that are proactive in reaching out to underrepresented communities for staff and board positions. In 2018, United Arts established an African-American Task Force, a Hispanic Task Force, and is in the process of organizing an Asian Task Force. Each of these task forces is made up of prominent members of these communities who can positively impact cultural organizations by participating as board members, attending and promoting events, and broadcasting potential job openings. As a result of these task forces, a number of local cultural organizations have seen increased attendance at events and have welcomed new board members.

Jerry Hilbrich presents the *Jerry Hilbrich Arts Leadership Award* to Harvey L. Massey

## LEADERSHIP INITIATIVES

---

### JERRY HILBRICH AWARD

The *Jerry Hilbrich Arts Leadership Award* was established in 2017 with a grant from the Edyth Bush Charitable Foundation. Each year, the award recognizes an outstanding community leader who has supported both the arts and United Arts of Central Florida. The honoree will have demonstrated innovative and creative contributions and/or exemplary commitment and leadership to arts and culture in Central Florida. The recipient will also be a long-time, significant supporter of United Arts of Central Florida. In addition to receiving the award, the honoree may designate a cultural organization to receive a donation of \$5,000. The second annual *Jerry Hilbrich Arts Leadership Award* honored Harvey L. Massey, an active community leader who has dedicated more than 30 years to arts and culture in Central Florida. Mr. Massey designated the Orlando Philharmonic Orchestra as the recipient of his donation.

### EMERGING ARTS LEADERS

This year, United Arts launched Emerging Arts Leaders: Central Florida, a local chapter of Americans for the Arts Emerging Leaders Network. The goal of this program is to invest in the next generation of area arts and cultural leaders by pairing them with established mentors in their field, creating lasting connections with other emerging and established leaders, and increasing access to activities that will advance their professional development.

### ARTVENTURE

In 2018, United Arts created ArtVenture to engage the millennial generation with the local arts and cultural sector by building awareness of arts-based events, organizing monthly meetup experiences at local cultural organizations, and by establishing an incentive-based program to encourage ongoing participation in the arts.
